Kodak ESP·5250

All-in-One Printer

Wirelessly Print, plus Copy, and Scan

Switch to Kodak and save with the lowest total ink replacement cost.[1]

With the KODAK ESP 5250 All-in-One Printer you can print vivid color documents and lab-quality photos at home for much less than what you're paying now thanks to our low-cost, high-quality pigment-based ink cartridges. And with the convenience of Wi-Fi built-in, we've made printing as easy as it is affordable. Say goodbye to overpriced ink for good. Print, copy, scan, and save every day with Kodak.

- 802.11 b/g Wi-Fi connectivity built in for wireless printing
- Print brilliant color documents and KODAK Lab-Quality Photos that last a lifetime[2]
- 2.4" LCD and memory card compatibility make it easy to print without a PC
- Print 30 ppm (black) and 29 ppm (color)[3]
- Compatible with most memory cards
- Scan multiple pictures at once and software will create separate image files automatically
- Create your own 3D pictures at home — all you need is a digital camera and KODAK Home Center Software (not compatible with MAC OS)
- Create pictures of your favorite video scenes from your video file (.avid, .move, or .mp4) and KODAK Home Center Software (not compatible with MAC OS)
- Reduce appearance of blemishes and enhance facial features with software (not compatible with MAC OS)
- Print photos directly from your iPhone, iPad, iPod touch, or BLACKBERRY[4] device

Print photos up to 8.5 x 11 and documents up to 8.5 x 14	Copy photos and documents up to 8.5 x 11 with one touch	Scan quickly and easily photos and documents up to 8.5 x 11.7	Intelligent paper sensors automatically adjust for paper type	2.4" LCD screen	Zoom, crop and rotate with or without a computer	Secure wireless printing

1.) As compared to leading consumer inkjet printers using manufacturers' recommended standard ink cartridges available in single-quantity pricing (i.e., no multi-packs, high capacity, combo packs, value packs or special promotions); excludes printers that use only one cartridge. 2.) Under all common consumer display and storage environments. Based on testing by Wilhelm Imaging Research (WIR) on KODAK Papers. 3.) Based on fastest document print mode using WINDOWS OS-based PCs that meet recommended system requirements. Actual results may vary. 4.) Compatible with iPhone (iOS 3.0 or later), iPad, iPod touch (2nd generation or later), and Wi-Fi enabled BLACKBERRY devices with OS 4.5 or later. Printer and device must be connected to the same local area network.

Papers

Photo: Kodak offers three types of universally compatible, quality photo papers in a variety of sizes and finishes. KODAK ULTRA Premium Photo Paper is our highest quality paper featuring proprietary technology for astounding color and image quality. KODAK Premium Photo Paper delivers consistently beautiful prints. And the affordable KODAK Photo Paper is great for everyday prints. All are optimized to work with KODAK All-in-One Inkjet Printers, but are also universally compatible, so you can use them with any inkjet printer.

Documents: Kodak offers a line of document and multi-use paper to fit your needs — Ultimate, Premium, and Everyday. All enhance color inkjet documents with bright colors and rich blacks. *For optimal results, use KODAK Document Papers. If KODAK Papers are not available, we recommend using a document paper displaying the COLORLOK Technology logo on the packaging.*
